

Introduction to Computer Art ART 124 Fall 2009

Create a DUOTONE magazine cover for a fictitious magazine called: Horror Flick.

- Use Photoshop to create two Duotones.
- Create a clipping path and "PLACE" in an 9" x 12" InDesign Document.
- Remember: use ONLY two ink colors, and ALL relevant shades and tints.

Size Specs

Page size 9" x 12" (we will reduce to print)

TYPE (Don't include "quotes")

- Main Headline: "Classical Horror Films: Frankenstein Revisited"
- Second story: "Halloween 2009"
- Third Story: "The Best Special Effects of the Year"
- Fourth Story: "Has Netflix ruined the movies? The Couch Potato Speaks"
- Fifth Story: "Remembering Boris Karloff and Bela Legosi"

IMAGES

- Main Picture: Boris Karloff's Frankenstein
- Include one subcategory additional picture: either Bela Legosi's Dracula or Boris Karloff's The Mummy
- One of these images MUST be "Silhouetted" in Photoshop: i.e. include a Clipping Path and import.

NEXT WEEK: Double-Page Spreads, bring me magazine for approval
